

Hello Beloved Ones!

If you're on this page, it's because we've already worked together, and...I adore you.

I'm so happy you're here. While I always love serving new clients, my greatest joy is continuing to serve individuals whom have already learned & grown with me.

We get to take all the work we've already done and go deeper, integrate it more powerfully,....and....implement more effectively in your client work and your business.

I would be absolutely HONORED if you joined me this coming year for more learning, for practitioner supervision, for more advanced skills, and for aligned action taking.

We can do this in two different ways, both starting in September 2020.... read more below!

With love, Joanna

*If you are feeling called to learn new &
shadow-based*

**Advanced Depth
5 technique-based Transformational
Intensives +**

**Advanced Depth is for practitioners,
coaches, teachers, trainers and guides who:**

- 🌀 Desire to apply & master the deepest of the deep transformational skills with clients & groups
- 🌀 Are ready for your own next level of soul work & transformation
- 🌀 Want to be uber effective at working with Shadow in multiple ways
- 🌀 Are willing to stretch yourself
- 🌀 Desire an intensive and intimate experience with me and a circle of incredible, committed practitioners

Advanced Depth goes beyond the already advanced techniques that you've learned in Sacred Depths or Into the Depths. It is designed for practitioners who are called and willing to dive in the deepest waters, to take their personal practice very seriously, and to go further with their own Shadow exploration to be able to serve clients most embedded resistances, complexes, narratives and self-sabotage.

Advanced Depth is designed to be a very intensive experience, approximately every other month. During intensive containers, you will have the space to be fully immersed in your soul work and in new, incredible techniques. A lot will be required of you by way of stretching yourself into your next level of evolution... but you will also then have two months to integrate until we meet again!

**Advanced Depth is comprised of:
5 Intensive Retreats
over 10 months (4 Virtual/1 In Person)**

**Advanced Befriend Your Fear Technique
(Virtual Intensive, September 10-11)**

We take the basics of the Befriend Your Fear Technique and go to the next level so that you can successfully guide your clients through their most obstinate fears..and into more confidence and motivation. Over these 2 days, we will cover the subtle-yet-important details and maneuvers to make this spirit and body-based technique as powerful and effective as possible.

Choose Your Own Shadow Journey Transformation Technique (Virtual Intensive, Dec 3-4)

The Choose Your Own Shadow Journey Transformation is one of the most powerful tools I have in my toolbox. When you have this skill under your belt, you are able to lead clients to earth-shattering breakthroughs and activate new neural pathways that guide them to desired habits, practices, actions, and feelings. This technique alone is one that has clients telling me our work together is the best money they ever spent.

Dreamwork and Archetypal Symbols (Virtual Intensive, February 11-12)

Get ready for a mystical, soul-opening, deeply transformative 2 days! In this intensive, we will do a deep dive into how to support yourself and your clients towards transcendent self-knowledge. You will learn how to help clients make life-changing meaning and motivation out of their dreams and out of the Symbols that show up in their lives and psyche. Powerful skills and insights that you will use for the rest of your life.

Shadow & Archetype Intensive (Tentatively In-Person, May 3-5)

This retreat is epic, and meant to be taken more than once – the work deepens, integrates and accelerates each time. You will do some of the most powerful & courageous personal work that can be done as you come face to face with the most rejected and sabotaging parts of yourself. You will also learn how to masterfully guide your own clients and groups through this work – a skill that puts you in the top 1% of transformational practitioners. ***This intensive will also include 2 powerful follow up workshop & practicum calls***

Wise Warrior Technique (Virtual Intensive, July 23)

The Archetype of the Wise Warrior is medicine for those who get stuck because they aren't setting boundaries & because they don't have the courage to speak up and speak out – in their lives, in their businesses, in their messaging, in their marketing. In this powerful intensive, we will unlock the healing powers of the Wise Warrior for yourself, and for your clients. In doing so, you activate the power of your VOICE.

The Coaching Mastery Circle

Coaching Practice & Supervision + Business Feedback for Exceptional Practitioners

The Coaching Mastery Circle is for practitioners, coaches, teachers, trainers and guides who:

- 🌀 Are committed to getting more and more and more effective at co-creating exceptional results with clients
- 🌀 Want personalized attention from me on your coaching & coaching practice
- 🌀 Desire a space to brainstorm & get ongoing direction on retreat, workshop & online group curriculum & facilitation
- 🌀 Want my direction and feedback on your business, your marketing, your sales, your programming, and your operations desire more connection with me!

The entire program is pretty profound, actually. Because practitioners don't generally have the opportunity to be in Group Supervision; they don't get the opportunity to lay out their client work and get advice, they don't get the opportunity to consistently get feedback on their progress as practitioners, ...and this kind of experience is a game changer when it comes to consistently upleveling the quality of your client work.

You will see that you become even more confident in who you are as a practitioner. You will see that you become even more confident when you market. You will see that you're even more easily able to go very deep with clients. You will see that you find the right words and articulate exactly what is going to make massive impact on clients.

I give this kind of support to my private clients...but I know that there is a need for this type of intimate support at a MUCH lower investment rate than privates. That's why I'm over the moon about this!

The Coaching Mastery Circle is a 12-month Program and Here is what it includes:

Twelve 90-minute Skills Practicums

Each month we will meet on Zoom for a transformative skill building practicum. We will isolate particular skills on each call, and practice both in the group as well as with partners on the call. This is an incredible opportunity to deepen your Listening, Questioning, Creating Awareness, Strategizing, and Visioning Skills as well as strengthen your Energetics and coaching containers.

Twenty 90-minute Coaching Clinic & Business Q/A Office Hours

Each month, we have one or two 90-minute session together to dive deep into any questions you have about your clients, your client case studies, your coaching practice, and your business. Basically, you get me as your Coaching Supervisor, knowing that whatever issues come up with your clients, you have me -and this community – for immediate solutions:

- Work Through Client Case Studies
- Help Clients Overcome Blocks
- Bust through your own Energetic Road Blocks
- Brainstorm on Strategies for client Progress
- Get More Effective at your Sales Calls
- Move more into your zone of genius
- Look at your group work setup and group program curriculum
- Getting Clarity on Your Marketing Plans
- Articulating your Messaging
- Effective Outreach Strategies to bring on new clients
- Administrative Systems to simplify your business and team

Stay on the line for the entire call, or drop in, get your questions answered, and go!

Private Facebook Group

Even though there are plenty of opportunities to connect with me live each month for voice to voice support, you'll sometimes have Coaching Questions or Business Questions that arise in between our sessions. Our Facebook group is a place where you can post your questions, as well as connect in with the resources of the amazing Coaching Mastery Circle community.
